All club members, please sign up for various shifts to assist with the kitchen crew, serve, or take tickets. We will need two adults from each club to help cook.

Junior/Teen Leadership Training Slated for January 27

Junior and Teen Leaders' training will be held Tuesday, January 27th at the UCCE Office at 4p. We encourage all Junior/Teen leaders to attend. Just a reminder that we ask the project leaders who have Junior or Teen leaders attend this training also. This training will consist of filling out the Leadership Planning Form which is required to complete the project, suggestions of goals or objectives for the member, and a Q/A time.

Please call the office by January 22nd if you plan on attending.

ATTENTION COMMITTEE CHAIRPERSONS

If you are going to be a committee chairperson for an upcoming 4-H event or activity, come into the office and pick-up the '**Multi-Purpose Planning Process Guide**' before you contact your committee. The guide is to help you to establish a team, set goals, create a timeline, team roles, and more. All committees should plan their events in a timely manner so things are not rushed and there is plenty of publicity, especially if the event is a fundraiser. Committees need to communicate with the 4-H Coordinator and have all flyers, articles, and contracts approved by the 4-H Coordinator or county director prior to publishing. **This process is to be used for all 4-H events/activities, and fundraisers.**

4-H JUDGING DAY

4-H Judging Day will take place on Saturday, January 10, 2009 at McCay Hall starting at 9a.m. Registration will start at 8:30a.m.

The objective of judging in the 4-H program is to help members grow in their ability to think, to reason, and to make logical and scientific judgments.

4-H members & leaders and parents can participate in Judging Day. Come join the fun!!

RAISING FUNDS FOR 4-H CLUBS OR COUNCIL

Because the 4-H Youth Development Program is a public institution supported by tax dollars, the raising of funds for use by 4-H project groups, clubs, councils or other groups using the 4-H name or emblem must be done in accordance with guidelines established by the University of California Cooperative Extension.

‘A group with a purpose’ (clubs, council) usually needs funds to carry out its program. Fundraising should be limited to the budgeted needs of the group and the 4-H Coordinator should be consulted to find out what other local clubs are doing and how the County 4-H Council raises money to meet their budget. **4-H fundraising policy forbids gambling, wagering, and raffles of any kind.**

Money making projects are valuable opportunities for members to learn-by-doing. 4-H members need to work together as a team to raise money and they need to learn to earn. They should be encouraged to raise funds that emphasize fair prices for needed services such as attending camps or conferences rather than asking parents or businesses for funds.

The club’s treasurer should bank all funds in the club’s name, and there should be signatures of two or three of the group’s officers or community club leader on any check written against the account. No checks are to be made out to cash. In the memo section of the check, write down the purpose of the check (ex.: reimbursement for film)

If a project group wishes to raise funds for special events, it is required that they keep these funds in the 4-H Council’s treasury. The council’s treasurer separates accounts for each project group so that each group uses only their money.

Remember, to obtain the funds the club, project, or council must complete a check request and any receipts are to be attached for audit purposes.

The 4-H Creed

I believe in 4-H work for the opportunity it will give me to become a useful citizen.

I believe in the training of my head for the power it will give me to think, plan, and reason.

I believe in the training of my heart for the nobleness it will give me to become kind, sympathetic and true.

I believe in the training of my hands for the ability it will give me to become helpful, useful, and skillful.

I believe in the training of my health for the strength it will give me to enjoy life, to resist disease, and to work efficiently.

I believe in my country, my state, and my community, and in my responsibility for their development. In all these things I believe, and I am willing to dedicate my efforts to their fulfillment.

TAX TIPS FOR 4-H VOLUNTEERS

- The fair market value of property and materials donated to 4-H
- Cash contributions to 4-H
- Cost of raising a guide dog puppy
- Cost of travel while serving as a volunteer (consult a tax manual for actual allowances)

You **CANNOT** claim the value of your volunteer services, time, or costs of transporting or paying expenses for your own child.

Safety at 4-H Projects

4-H leaders serve an important role in assisting with the development of today's youth. Providing important building components for sound foundations through development of cooperation, leadership, and citizenship skills and knowledge is critical to the success of today's youth. These skills and knowledge are gained through project work. Key to successful project work is **safety awareness**. The University of California is committed to providing safe environments in which programs are conducted.

Everyone has a specific role in promoting and maintaining safe environments for project work. What are the basic responsibilities of the 4-H leader?

Everyone has a specific role in promoting and maintaining safe environments for project work. What are the basic responsibilities of the 4-H leader?

- Upon initial sign-up as 4-H leader and annually thereafter, review safety rules.
- All project work topics will have a safety awareness/training element. Project work will not begin until all safety issues have been determined and addressed. Training should include the following: Training specific to the project work to be done, including a discussion of identified safety concerns and information related to procedures to be followed in case of an accident, or emergency (including evacuation of the project work site).
- Prior to beginning project work, the immediate project work site is to be evaluated for potential hazards. Potential hazards should be corrected prior to beginning project work. Project participants are to be encouraged to identify potential hazards.
- Practice safety at all times.
- There should be one adult to six members per project. Please get another certified 4-H leader to assist you, and contact the office to add their names to that project. Junior/Teen leaders cannot be considered in the count. Leaders must be at least 18 years of age, enrolled in 4-H, and approved.
- Use Jr./Teen leaders or resource leaders for helpers.

Attention Parents– Please Read!

This article is from a Calaveras Clover Country Newsletter

We are all very fortunate to have so many special leaders who spend hours upon hours with your children. They work with your children in projects and at community clubs; they take them on tours and county events. I have heard, however, time and again one complaint that is very real and needs pointing out. Many leaders are stuck, quite often, with one or two children who they must “baby-sit” after a meeting or event, sometimes for an hour or more because a parent did not pick their child up at the announced time. Although the majority of parents have no problem arriving on time, there are an inconsiderate few that can really turn a leader off to 4-H. Leaders are not paid for their service, and they too have obligations outside of 4-H.

We all enjoy children and would not be here if we didn't. To those of you who come on time to pick up your children, I thank you, you are wonderful! To you folks who are even occasionally late, I have this advice, find out what time each meeting or event is scheduled to adjourn. If you can't remember, write it down or ask when you drop your children off; or set a timer for when it is time to leave your home to pick up your children. It will benefit us all!!

PROGRAM

INSURANCE COVERAGE

Unsure what's covered and what's not? There are three types of insurance through the 4-H program that come with payment of the enrollment fee.

1. ACCIDENT INSURANCE

All members and volunteer leaders are covered under this policy when taking part in or attending an *approved, regularly supervised 4-H activity*.

They're also covered while traveling to or from a club activity and while traveling between home and a group meeting place for a *scheduled activity*.

Note the words in italics: the activity must be an official 4-H project, club, or county activity.

Members and/or leaders getting together for a private gathering are not covered. Maximum coverage for accident insurance is \$7,500.00. There are some exclusions to the policy, so read the Hartford brochure.

2. SICKNESS INSURANCE

This covers a member or leader who becomes sick while attending a 4-H sponsored camp or other trip. The coverage is for payment of necessary medical or surgical treatment up to \$2,000.00.

3. LIABILITY INSURANCE

All volunteer leaders are recognized as agents of UCCE, which provides general and automobile liability insurance for its formal volunteers. See the brochure titled *RISK* for more information.

NOTE: The University does not provide insurance for livestock. Families are encouraged to purchase animal mortality insurance and to clarify with their insurance carrier the extent of their homeowner's liability insurance regarding livestock.

LEADER TIPS FOR A SUCCESSFUL and EDUCATIONAL PROJECT

1. Plan a minimum of six meetings with a minimum of 10 hours of instruction for your projects.
2. Give members an opportunity to LEARN AND DO.
3. Share project goals at the beginning of the project year.
4. Encourage members to set personal goals in the project.
5. Enable members to demonstrate something they have learned in the project.
6. Provide opportunities for members to present talks, demonstrations (**required**), judge at events, tour, go on field trips.
7. Provide exposure to the community through consumer and career education.
8. Provide opportunities for leadership.
9. Provide opportunities for citizenship and community service.
10. Make or do something together as a group.
11. Encourage members to work at home between meetings.
12. Ensure that project records are kept up-to-date.
13. Use 4-H curriculum and give materials to members to keep in a folder.

Presentation/Favorite Foods Day March 21st

It is now the time to start preparing for our county Presentation/Favorite Foods Day. This is scheduled for Saturday, March 21 at the Grace Community Church.

Presentation Day activities offer the member the opportunity to develop communication skills. Demonstrations, illustrated talks, prepared speeches, impromptu speeches and interpretive reading are a few ways 4-H teaches communication skills. **Presentations need to be 4-H related to go on to Regionals & State Presentation Days. School projects can not be presented if going on further than county presentation day.** Posters are still a county category, but this category does not go on to Regional or State 4-H Presentation Days. For more information on categories check out <http://ca4h.org>.

Remember, you could earn a gold medal for your presentation. Only gold medal winners at Presentation Day are eligible to go on to Regional Presentation Day set for April 18th in Mariposa County. **Primary members can also participate in County Presentation Day, but CANNOT receive judges' awards or medals. Per the UC Primary Member Policy, competitive events/activities are not appropriate for five to eight-year-old members. Primary members must each receive the same award for participation.**

Favorite Foods Day is opened to all 4-H members. Complete the entry form which includes your favorite food recipe.

Entries are available at the office, in this Spirit, and January club meetings. All entries for Presentation/Favorite Foods Day will be due Wednesday, March 11, by 5:00p.m. in the UCCE office. (No exceptions!) Mark your calendars for this fun and educational day!!!!

Regional Presentation Day will be hosted by Mariposa County 4-H Club Council on April 18th at the high school. Only Gold Medal winners will be eligible to go on to State 4-H Presentation Day.

4-H Service Learning

The University of California 4-H Youth Development Program is dedicated to fostering an environment throughout our state in which youth and adults work together as equal partners in ways that result in acquisition of new skills and positive community change. A community service project becomes a service-learning project when the experiential learning process is used in conjunction with learning and service objectives.

HERE ARE SOME 4-H COMMUNITY SERVICE IDEAS FOR CLUBS & PROJECTS-

RECYCLE, PLANT TREES, ASSIST WITH SENIORS, CLEAN-UP CEMETARY OR OTHER LOCATIONS IN NEED, MAKE CARDS FOR THE ELDERLY OR SICK, ORGANIZE A FOOD SCAVENGER HUNT AND GIVE TO THE NEEDY, VOLUNTEER AT THE SPECIAL OLYMPICS OR ADOPT A POTHOLE AND RAISE MONEY TO REPAIR IT.

Volunteer's 4-H Pledge

I pledge my head to give children the information I can, to help them see things clearly and to make wise decisions.

I pledge my heart to encourage and support children no matter whether they have success or disappointments.

I pledge my hands to help children's groups; if I cannot be a leader, I can help in many equally important ways.

I pledge my health to keep children strong and well for a better world through 4-H, for children's groups, our community, our country and our world.

NOTICE!!

If you need a copy of an event folder, curriculum, etc., you must contact the UCCE Office at least TWO days before you are in need of them. You need to sign to check these items out.

Also if you need items from the 4-H storage for events, come by the office to get the key before the event so you get them out of storage.

Thank you.

CONTRACTS FOR USE OF FACILITIES

All contracts and agreements for use of any facility by any 4-H group or 4-H Council must come to the UCCE Office for review and signature of the county director. The group insurance covering 4-H activities and events also requires that these contracts and agreements list the facility user as follows: "The Regents of the University of California" **NOT** the 4-H club or leader's name.

Plan ahead! Have the forms into the office at least 30 days prior to the event/activity. If the form includes a "Hold Harmless" clause, the UCCE Office, and sometimes the State Office must review and approve it to insure that there are no provisions that would be detrimental to the interests of the University.

4-H Leader's Agreements Past Due

The 4-H Leader's Agreements are due. If you haven't turned yours into the UCCE office, please have them turned in ASAP or no later than January 5th.

Remember to contact your members by telephone and have your first meeting by January 31, 2009.
